POINTS

Points are based on the following:

- 1st – 10 points
- 2nd – 6 points
- 3rd – 4 points
- 4th – 2 points

In the event of ties such as beaten semi-finalists, points will be added together and divided by the number of participants tying.

Example 1

Beaten semi-finalists in NRL

$3^{\text{rd}} + 4^{\text{th}} = 4 \text{ points} + 2 \text{ points} = 6 \text{ pts divided by } 2 \text{ tying teams} = 3 \text{ pts each team.}$

Example 2

3 golfers finish 3^{rd} in the US PGA

$3^{\text{rd}} + 4^{\text{th}} = 4 \text{ points} + 2 \text{ points} = 6 \text{ points divided by } 3 = 2 \text{ points each}$

Most Tries, Most Runs, Most Wickets includes all finals unless stated. AFL and NRL Most Goals & Tries are **ONLY FOR THE REGULAR SEASON**

The English Premier League event that requires you to pick the 4 qualifiers. 4 correct = 10 points, 3 correct = 6 points, 2 correct = 4 points and 1 correct = 2 points. NO BONUS POINTS for this event.

BONUS POINTS – To encourage risk taking

Double points will be awarded to selection if less than 5% of the competition have made that selection.

If you are the ONLY team with a correct selection, individual or horse, that is eligible for points. Points will be **TRIPLED!!**

EXAMPLE (based on 100 participants)

Event - AFL Premiers

Andy has picked Geelong along with 62 other tipsters. Jake has tipped Collingwood with 4 other tipsters. Holsh is the only tipster to pick Carlton.

Collingwood were knocked out in the semi. Carlton beat Geelong in the final (convincingly).

Carlton (1st place) = 10 points (Holsh would receive 30 points as only tipster to select)

Geelong (2nd place) = 6 points (Andy would receive 6 points)

Collingwood/Brisbane (equal 3rd) = 3 points (Jake would receive 6 points as less than 5% selected Pies)
